

/ Fixed blade
MODRAS - Single edged
 Design by Borut Kincl

cod. **FX-507**

Blade Steel: N690Co stainless steel

Hardness: HRC 58-60

Blade Coating: black Idroglider

Handle: G10 black

Blade Length: 17.5 cm - 6.89"

Overall Length: 33 cm - 12.99"

Blade Thickness: 6 mm - 0.24"

Weight: 340 gr - 11.99 oz

Info

The Modras dagger, designed by Borut Kincl, a renowned official trainer of the Slovenian Army, stands out for its combination of modern and elegant design with a highly functional blade.

The blade is characterized by a tapered shape that provides lightness and agility to the knife, and is designed to easily penetrate any obstacle, ensuring reliable performance even in the most extreme situations. The grip of the dagger is ergonomically designed to offer a secure and comfortable hold. Made with high-quality materials, it ensures optimal maneuverability and a sense of control during use.

The streamlined design reflects attention to detail and the pursuit of maximum efficiency. Every element is studied to ensure an optimal balance and weight distribution that favors smooth and precise manipulation.

Blade Coating: black Idroglider

Idroglider

Special non stick coating made of PTFE that ensures long life and rust resistance.

Blade Steel: N690Co stainless steel
