

/ Fixed blade
EXPLORATOR
Design by Alfredo Doricchi

cod. **BF-749**

Blade Steel: stainless steel 440C

Hardness: HRC 57-59

Blade Coating: stone washed

Handle: Linen Micarta

Screws: Stainless steel

Blade Length: 10 cm - 3.94"

Overall Length: 22 cm - 8.66"

Blade Thickness: 4 mm - 0.16"

Weight: 180 gr - 6.35 oz

Made in China

Info

The Black Fox Explorator is a knife designed for outdoor activities such as camping, hunting, bushcraft, and hiking. The modified drop-point blade offers precision and robustness, making it ideal for incision work and hunting activities. The micarta handle provides a secure and comfortable grip, adapting to various working techniques. The Kydex® sheath allows for safe vertical and horizontal transport, while the included fire starter facilitates fire ignition. With its flat blade spine and 90-degree angles, the Explorator can also be used for fire starting and debarking branches. Despite its compact size, it is suitable for light chopping and batoning.

Blade Coating: **stone washed**

Blade Steel: **stainless steel 440C**
